

HOW TO STAY SAFE NEAR THE SCHOOL BUS

Wait on the sidewalk.

Stay away from the road until the school bus arrives.

Listen to the school bus driver.

Only get on the bus when they say it's safe.

Be kind to the school bus driver.

Follow their rules by speaking quietly and sitting properly.

Wait until it's safe.

Only stand up to exit the bus once it has come to a complete stop.

After getting off the bus, walk five big steps away from it.

If you need to cross the street, walk next to the bar in front of the bus and make sure the driver sees you before crossing. Stop at the edge of the bus and look both ways before crossing.

Ask for help.

If you drop something while getting on or off the bus, ask the bus driver to help you. Only pick it up yourself if the bus driver says it's OK.
